

We care about every breath you take

AirTube Series

AirTube Series

Perfectly Portable
Air Purification Solutions

With all the filtration power of a serious air cleaner, the convenience of a portable unit and a completely compact size, the AirTube series is the ideal companion for the frequent traveler and the person on the go, or for use on desktops and small spaces measuring up to 100 square feet.

The AirTube series features three lightweight options that allow you to breathe clean air, wherever you go. As such, these compact air purifiers are also a popular choice for allergy and asthma sufferers, for whom filtration of airborne particles, chemicals and odors is a must—no matter the location.

1 Three Convenient Sizes

2 Customizable Features

Activated Carbon Blend

Exec Blend: Our Exec carbon is our general-purpose blend, ideal for trapping a wide range of airborne chemicals, gases and odors.

Vocarb Blend: Our Vocarb carbon is our boosted blend, offering a more aggressive removal of hard-to-trap airborne chemicals, gases and odors. This blend is best suited for newly renovated environments, unknown contaminants and/or formaldehyde.

Custom Blend: Have an unusual IAQ problem? Let us customize the perfect carbon blend solution!

3 Optional Features

a Virus, Mold & Bacteria Protection

Customize your air purifier with a UV light* to provide additional protection from viruses, mold and bacteria.

b Available Colors

White

*The UV option is not available with the AirTube Jr.

Technical Specifications	Carbon Filter	Rated CFM	Filtration System	Carry Weight	Shipping Weight	Dimensions	Ideal Room Size	Options
