# 5000 Series

## 5000 Series Optimal Air Filtration for Homes & Businesses

The 5000 series is our most popular line of air purifiers, with the most available options and the best value for maximum air cleaning. Choose from this series for the ideal indoor air quality solution for most homes and businesses.

Featuring up to 27 pounds of activated carbon for effective chemical, gas and odor adsorption, plus a HEPA filtration system to remove particles that trigger allergies and asthma. These air cleaners provide the perfect protection for average-size rooms (max 1,500 square feet), and come in a wide array of colors to match any décor.

### 1 Customizable Features

#### a Activated Carbon Blend

**Exec Blend:** Our Exec carbon is our general-purpose blend, ideal for trapping a wide range of airborne chemicals, gases and odors.

**Vocarb Blend:** Our Vocarb carbon is our boosted blend, offering a more aggressive removal of hard-to-trap airborne chemicals, gases and odors. This blend is best suited for newly renovated environments, unknown contaminants and/or formaldehyde.

**Custom Blend:** Have an unusual IAQ problem? Let us customize the perfect carbon blend solution!

#### b Filter Depth

A unit's filter depth is key to its adsorption capacity. Customize your unit with a 2.5" (regular), 3" (deep or "D") or 3.5" (extra-deep or "DX") carbon bed filter to maximize its chemical-adsorption efficiency.

### 2 Optional Features

#### a Virus, Mold & Bacteria Protection

Customize your air purifier with a UV light to provide additional protection from viruses, mold and bacteria. Add a photocatalytic reactor to your UV option for the most advanced protection!

#### b

#### Source Capture

Prevent dangerous toxins from becoming airborne by trapping them at the source. Our source capture units are identified with a "W".
